

✓ IN-PERSON ✓ LIVE-ONLINE

AUGUST 18-22, 2025**Ronald D. Siegel, PsyD****What Clinicians Need to Know about Non-Ordinary States: Mindfulness, Compassion, & Psychedelic-Assisted Psychotherapy****Monday - Friday: 9:00a.m. - 12:30p.m. EDT | 30-Minute Break Daily
15-Hour Course | Delivery Format: In-Person or Live-Online**

Ronald D. Siegel, PsyD is an Assistant Professor of Psychology, part time, at Harvard Medical School, where he has taught for over 35 years. He is a long-time student of mindfulness meditation and serves on the Board of Directors and faculty of the Institute for Meditation and Psychotherapy. He teaches internationally about the application of mindfulness practice in psychotherapy and other fields, and maintains a private clinical practice in Lincoln, Massachusetts.

Dr. Siegel is author of a comprehensive guide for general audiences, *The Mindfulness Solution: Everyday Practices for Everyday Problems*; coeditor of the critically acclaimed text, *Mindfulness and Psychotherapy*, 2nd Edition and of *Wisdom and Compassion in Psychotherapy*; coauthor of the professional guide *Sitting Together: Essential Skills for Mindfulness-Based Psychotherapy*; coauthor of the self-treatment guide *Back Sense*, which integrates Western and Eastern approaches for treating chronic back pain; and author of the recent book, *The Extraordinary Gift of Being Ordinary: Finding Happiness Right Where You Are*. He is also professor for *The Science of Mindfulness: A Research-Based Path to Well-Being* produced by The Great Courses, a regular contributor to other professional publications, and co-director of the annual Harvard Medical School Conferences on Meditation and Psychotherapy and Psychedelic-Assisted Psychotherapy.

Ever since Freud, psychotherapists have worked with non-ordinary states such as dreams, hypnosis, and free association to understand and heal the heart and mind. In the past decade, mindfulness and compassion practices have become mainstream tools, while more recently, research on psychedelic-assisted psychotherapy has mushroomed. Psychedelics, often combined with insights from mindfulness and compassion practices, now offer not only possible breakthrough treatments for PTSD, depression, addictions, and end-of-life anxiety but also provide new insights into the nature of psychological distress and mechanisms of healing.

What can clinicians learn from these developments? What can they teach us about the neurobiology of human suffering and flourishing? How can they inform our practice?

In this 5-day interactive workshop, you'll learn practical tools and techniques derived from mindfulness and compassion-oriented treatment and psychedelic-assisted psychotherapy to help clients with a wide-array of disorders. We'll explore ways to help clients integrate split-off traumatic memories, open their hearts, embrace vulnerability, surrender to the flow of ever-changing experience, move from isolation to deep connection with people and nature, appreciate the unreliable fluidity of thought, and find meaning in everyday moments.

You'll learn how to use mindfulness and self-compassion practices along with other techniques to harness these healing mechanisms, while also gaining the knowledge necessary to help clients who might be experimenting with psychedelics to integrate and grow from their experiences.

Course Agenda**Monday:**

- History of non-ordinary states in psychotherapy
- Common factors in psychopathology and their antidotes
- How non-ordinary states heal

Tuesday:

- Origins and effects of different psychedelic agents
- History of psychedelic-assisted psychotherapy (PAP)
- Cautions and contraindications for PAP
- Structuring PAP

Ronald D. Siegel, PsyD | What Clinicians Need to Know about Non-Ordinary States: Mindfulness, Compassion, & Psychedelic-Assisted Psychotherapy | August 18-22, 2025**Wednesday:**

- What are mindfulness practices
- How do they work?
- Tailoring practices to individuals' needs

Thursday:

- Compassion: What is it really?
- Avoiding empathy fatigue
- Synergies among mindfulness, compassion, & PAP

Friday:

- The role of transpersonal or mystical experience in therapeutic change
- Overcoming self-esteem addiction
- Discovering the extraordinary gift of being ordinary

Course Objectives

Upon completion of this course participants will be able to:

1. Identify the common elements in a wide variety of psychological disorders
2. Describe how mindfulness practices work to resolve psychological distress
3. Discuss the role of compassion and self-compassion in psychotherapeutic progress
4. Summarize current research demonstrating efficacy and mechanisms of action in psychedelic-assisted psychotherapy
5. Discuss cautions and contraindications for Psychedelic Assisted Psychotherapy
6. Identify empathy fatigue and how to avoid it
7. Discuss how to advise patients considering psychedelic experiences outside of treatment and how to help those who engage in these to integrate the experience.
8. Discuss the role of transpersonal or "mystical" experience in both mindfulness-informed and psychedelic-assisted psychotherapy
9. Describe practical ways to introduce the transformative elements of mindfulness and compassion-informed, and psychedelic-assisted sessions into other forms of psychotherapy

Continuing Education

*Course Content Level: beginner, intermediate, and advanced. This course is open, and content is, suitable for all clinicians and learning levels, beginning, intermediate and advanced. **Courses must be completed in one delivery format.***

Cancellation & Change Policy

Up until two weeks (14 days) prior to your course start date: For cancellations (in-person or live-online), you will receive a refund less a \$50 cancellation fee

Between 14 days and 1 day: Credit may be applied to any 2025 or 2026 Cape Cod Institute course. No refunds will be issued within this time period.

Once your course begins: No credit or refund is available if you cancel on the day of arrival, do not show up, are dissatisfied with the presentation or content, or leave an event early for any reason. No partial credit/CE hours can be given if you need to leave for any reason. We understand that circumstances outside of your control may impact your ability to continue attending your course. Common examples include: situations affecting a participant directly or their travel plans, unexpected injury or illness, and significant connectivity problems; however, we cannot offer credit or refunds for these scenarios.

The Cape Cod Institute is not responsible for participants' travel, lodging, or incidental expenses.

Course Changes:

Before June 1: You may switch your course or the format (in-person or live-online) without a fee. A refund will be provided for the difference in price.

After June 1: Course or format (in-person or live-online) changes made after June 1, will incur a \$50 change fee. There will be no price reduction for switching to a live-online course.

You can notify our staff of your cancellation or change requests at info@cape.org

Please visit <https://www.cape.org/policies> for more information.

Continuing Education Information

Full attendance of in-person and live-online courses is required to meet the standards of accrediting organizations. No partial credits will be provided. CE certificates are distributed by email for both in-person and live-online courses following the conclusion of your course, confirmation of full attendance, and completion of an online evaluation form.

You will receive additional details regarding the online evaluation process at the end of your assigned course. Evaluations must be submitted within three weeks of the end date of your course. You will receive a copy of your certificate of attendance with detailed CE approval statements, once you submit your evaluation. Please check with your regulating body/organization that this certificate is sufficient proof for you to claim continuing education credits/credit hours/clock hours/contact hours.

Most courses are eligible for 15 credits/credit hours/clock hours/contact hours. Exclusions will be listed on individual course pages as well as below. Please check individual course pages for course learning objectives.

All courses are open and suitable for all clinicians and learning levels, beginning, intermediate and advanced unless otherwise noted on the course page.

Please contact your licensing board to determine your continuing education requirements and check for reciprocal approvals.

Continuing Education Approvals:

Current continuing education approvals for MAK Continuing Education, LLC, Cape Cod Institute are listed on our website: <https://www.cape.org/ce-credit>

You can also contact our staff with any CE-specific questions at + 1(203) 781- 6492 or info@cape.org.

Travel Information

All in-person sessions are held at the Nauset Regional Middle School at 70 MA-28, Orleans, Massachusetts. Orleans is a 2-hour drive from Boston or Providence (expect traffic delays on Saturdays). There are scheduled flights from Boston and Providence to Hyannis, a 40-minute drive to Orleans. A car is needed for full access to lower Cape Cod. Biking around Orleans is easily done via the rail trail, and local buses between towns are available.

Cape Cod is about 70 miles long, and 75 miles from Logan Airport in Boston and Green Airport in Providence, Rhode Island. Driving distances to the Lower and Outer Cape are:

Boston 77 miles; Providence 77 miles; New York City 245 miles; Montreal 355 miles.

Please visit our travel page for specific directions, lodging and travel information: <https://www.cape.org/travel>
